The Daily Oregonian.

TUESDAY MORNING, SEPT. 25, 1866.

The "Betweens."

There is always a class of time-servers and sycophants who are ready to gravitate toward any political party which they think likely to win. When the party with which they are associated is in the hey-day of its power, these persons often profess the most radical opinions, and in their advocacy of extreme measures, not seldom leave everybody else far behind. But they are likewise subject to periodical attacks of "conservatism." At regular periods they find it necessary, or make it convenient, first, to stop short in their course, and next, to face about and retrace their steps with all the energy of which they are capable. They are perpetually swinging from one extreme to the other. They are the "betweens." They constitute the "third party." They are the mercenaries who act from selfish motives, and the cowards who are afraid to work with a sturdy will for the completion of an idea or the realization of a principle. It often happens that their members are considerable enough to form a balance between the two great parties; and when this is so, their influence is almost sure to go with the wrong.

Of this class of persons, Oregon has, in proportion to her population, her full share. Once in a great while they appear to lose their mercenary character for a time, as was the case with many of them when the great crisis in the country's history occurred five years ago; but they soon shrunk back again into their native littleness and profess none but negative opinions. These are the wiseacres who, when the "conservative" mood is on them, think it vulgar to avow positive convictions. They are a mighty good kind of men—too good for any party, but just good enough to sell out to anybody who wishes to buy. It frequently happens that by advocating pronounced principles for a little time, they manage to get themselves trusted with some important position—when they quickly make the discovery that positive opinions are dangerous and not to be tolerated. There is quite an army of these persons who have obtained places of trust by professing radical views, who are now "going back" on their record, and apologizing for having ever pretended to sincere and honest convictions and purposes. Good patriots! they are above all parties, and in a condition to accept rewards from any.

There is now a game going on in this State in which the "betweens" or "third party" are figuring very conspicuously. It is the object to elect Nesmith to the Senate—a man whom nobody wants but those who desire to share the plunder of office, or who expect some personal reward or benefit at his hands. His whole available force is the mercenary brigade. There are not fourscore persons in Oregon who would be gratified to witness his re-election. And the few who do support him know no such motive as principle. Their only incentive to action is the hope of personal gain. Office, money, plunder and pelf,—these be the gods of the "third party." The pity of it is that this avaricious, treacherous crowd have worked themselves into a position where they are able to threaten, if not to accomplish, a great deal of mischief. They are rapidly drifting toward the Democratic party, the natural resting place of the mercenary brigade.

Notice to Quit.

From reading the *Herald* of Saturday, one would almost be convinced that its editor now "runs" this Government. "The time has come," quoth this high authority, "for the Federal office-holders in this State to decide whether they are for the President or against him. Professions of adhesion to the policy of Mr. Johnson, and yet voting the opposite, will not answer. Are you with the President, or with Congress? If you choose the latter, we give you notice that the end of your career draweth nigh." Notice how authoritatively this dictum is given. Observe the *ex cathedra* air which this person of fancied power puts on, as he informs Federal office-holders that this sort of thing "will not answer." Who can doubt after this, that Johnson has a vicegerent in Oregon! You whose official heads are destined to the waste paper basket, will please take notice. You hear the voice of one crying from the wilderness, "Prepare ye to go."

> The tells are fixed and the snares are set—
> Ever sing merrily, merrily.

Perhaps this notice to office-holders "to quit," might carry greater weight if the person who tenders it would only show his commission, or other insignia of power. The common herd (no disrespect intended) will always be found carping at true greatness and doubting whether it is genuine. And in this case there is reason for doubt, for it is known that the person who threatens the instant removal of all the office-holders in Oregon, has never yet succeeded, with all his importunacy, in obtaining "a little brief authority." It is well known that his case is such that he might, with the strictest truth, repeat, as applicable to himself, the verses of the disappointed courtier:

> Twice told the period spent on stubborn Troy,
> Count favor, yet unshaken, I twice lay.

In view of these facts we shall yet hesitate for a time before proclaiming: "Great is Andy, and Beriah is his prophet."

A late eastern letter states that the "Brooklyn Republicans, cheered by the scene of reconciliation that was enacted in the Philadelphia Convention by South Carolina and Massachusetts, propose to test the thoroughness of the flag-born Southern love for the North, by holding a National Union Convention in Richmond. They have therefore requested the National Union Committee to call such a Convention in the above city on the first Wednesday of October next. The *Evening Post* has been for some time urging the propriety of the Republicans holding a Convention in some one of the Southern cities, and has indicated Charleston and New Orleans as eligible places for the meeting." The *Tribune*, in view of recent events in the city last named, is unable to see the eligibility pointed out by the *Post*, and a vast majority of the Republicans in this region concur with the *Tribune*."

It is said that a new daily journal is about to be started in New York, of the size of the *Journal of Commerce*, to fill the vacancy left by the *Courier and Enquirer*. It is said that a fund of $300,000 is to be raised, and that George H. Andrews, formerly managing editor of the last named journal, is to have the supervision of the new enterprise. At present there is no paper in the city to divide with the *Journal of Commerce* the lucrative advertising patronage of the shipping and commission merchants. The new paper will be Republican in its politics.

EUPHUISM.—The Santa Cruz *Sentinel*, after vainly attempting to reconcile Johnson's "policy" with an earnest Unionism, bids him a final farewell, and anticipating the worst, holds forth as follows:

"Should the head devil of the rebellion be released on parole, without trial, who hope the people will rise in their majesty and power and hurl the President into the cell made vacant by the criminal."

WILL YET PROVE SUCCESSFUL.—The following paragraph from the prospectus of the *Youth's History of the War* indicates what rebels hope: "The Southern people, who fought so long and so gallantly to roll back the tide of Abolitionism that has engulfed them, will, the writer trusts, find in this volume encouragement to believe that wrong can only be temporarily successful, and that it only needs faith in the power of the press to yet overthrow the Abolition revolutionists."

OSWEGO.—The town of Oswego was surveyed on last Saturday by Mr. Belden and is now platted and lots offered for sale. The future city will soon be incorporated.

By Overland Telegraph.

[DISPATCHES TO THE OREGONIAN.]

DATES TO SEPTEMBER 23.

From Mexico.

NEW YORK, Sept. 23.—The *Herald's* Vera Cruz correspondent of the 15th states that there are no indications as if a withdrawal of French troops. The eighty first French regiment was expected to leave for France on the 30th but only one battalion came down from the capital. The remainder 1,500 or 2,000 were ready to take up the line of the Empire instead of that of France. French arms were being expected in large amounts, to increase the strength of the Imperial army.

La Heraldo of Vera Cruz says France permits the enlistment of volunteers and will lend them the Empires back, on a mission and will then give up arms the Empires back to Mexico. Maximilian has also appointed a Minister to the Pope. It is true that Maximilian desires to leave, but the French authorities, acting under instructions from France, object.

Reina the minister, had occurred just outside the walls of Vera Cruz. At night the liberals came quite close to the city. The imperialists had met with a disastrous defeat in Michoacan. Report had it that the Imperial General had to abandon everything. The people and merchants of Vera Cruz will have nothing to do with the new Maximilian stamped dollars.

The steamer to Panama from France brought eleven officers and one hundred and fifty seven men of the French foreign legion. A new commander was expected from France to succeed Bazaine. It was announced at the capital that a new campaign for the retaking of Matamoras and Tampico would be opened in the latter part of September. The French are erecting fortifications on the land side of Vera Cruz. Colonel Teron was within musket balls of the city with a considerable force of liberals, and had issued a proclamation to the inhabitants of the city to join him. The liberals hold Cerro Gordo, Puerto, National, and other points on the road to the capital.

WASHINGTON, Sept. 23.—M. Romero has received today, dispatches from Vera Cruz to the 12th, containing most gloomy information for Maximilian and the French.

Their former partisans are deserting them by the hundred. M. Romero also received advices from Chihuahua up the 27th. President Juarez and his Cabinet were making preparation to remove to Monterey to establish a national government. The city of Durango, in Durango, has been abandoned by the main French forces, only five hundred men remaining there. President Juarez had sent an expedition against Durango, and expected soon to be in possession. The official paper of Chihuahua of the 24th, publishes some correspondence between the Mexican government and the Hon. Henry Gen Diss, regarding exchange of prisoners. It appears that the Mexican Government has for some time been willing to come to some agreement about a general system of exchange, while the French Gen Diss declines to accept the propositions made to him, although he was one of the first who applied for a partial exchange.

NEWS BY ATLANTIC CABLE.

LIVERPOOL, Sept. 22.—Noon—The steamship *Persia*, which sails from here at noon for New York, takes out three thousand pounds in gold on American account.

Quite a number of Fenians were arrested here to-day, and arms and munitions of war supposed to belong to the brotherhood, were also found secreted in various parts of the city and were promptly seized.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, Sept. 24.—A fire broke out last evening in Brooks' distillery, Kearny street, between Post and St. Marks' place. The establishment was considerably injured. The warehouse of Brooks, Bowman & Co. was also damaged. Ogden & Hampton's store ware house and contents were not injured. No lives lost.

THE WONDERS OF PHOTOGRAPHY.—ELLSWORTH & CARDWELL, at their GALLERY, 69 First street, have shown us some of the most exquisite specimens of the Photographic Art ever executed here. Among the various styles seen at this establishment we might mention those magnificent and delicate toned SUN PEARLS; those superb PATENT ENAMELED PICTURES; those artistic ALBUM and VISITING CARDS, as well as PEARL AMBROTYPES, MEZZOTYPES, etc. All who value fine work will visit this Gallery without delay.

EXPLAINED.

A "WEB-FOOT"
HAS BEEN TO NEW YORK,

and reports as follows:

In the car, steamboat, saloon, parlor at dinner to the street, everywhere did I hear rubbish or say with relation to or an inquiry as to the meaning of those mythical words, posted, painted and advertised wherever I went—

S.T.-1860-X.

accompanied with a crescent and a shepherd's hook. A secession orator said it was: "Satan Triumphed in 1860 in granting the Xpectations of abolitionists," while a Republican said it was: "Stump-Tail Democrats of 1860 gone to Texas;" another "To the State Taxes of 1860 add ten (X) dollars," another, that they were the watchwords of some secret society, like, "Sons of Tecumchis are 1860 Strong," or "Seward's Tricksters of 1860 Used up," &c., &c. Well, your correspondent was ill—had been ill for a long time—in fact, his late suppers had given him a horrid dyspepsia. He read the advertisements, and of course bought a bottle of Plantation Bitters: the Bitters cured him, and on the bottle appeared those same cabalistic letters: S. T.—1860—X. Thereupon straight for 28 Park Row, introduced myself to the celebrated Dr. Drake, and was shown the elephant—tusks, S. T. and all—and a great institution it is. A six story building in Liberty street, from cellar to garret, is occupied as a laboratory for producing this single medicine. Some forty persons are employed, several vats, boiling six thousand gallons each, are filled with roots, herbs, and material, and then soaked in water, and the expression preserved in pure St. Croix Rum. I here saw the bags, boxes and Calisaya Bark, Wintergreen, and other material—and the original St. Croix Rum puncheons bearing the Custom-house brand. It seemed that medicine could here be turned out to supply a world of invalids—yet these gentlemen are unable to fill their orders for Plantation Bitters alone. I was shown many certificates of extraordinary cures effected by these Bitters. The proprietors will pay Uncle Sam near fifty thousand dollars for stamps this year.

* * * * * * *

—BINGHOLT.

We are happy to reproduce the above letter, and add that any ordinary case of Dyspepsia, Liver Complaint, Nervous Affection, Sour Stomach, Loss of Appetite, Diarrhœa, Sinking Weakness, Mental Despondency, &c., can be cured by the Plantation Bitters. The original quality and high character of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to cause as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

CUSTOM HOUSE BLOCK.—The contract for the improvement of Court House block has been let to Mr. Samuel Simmons and son. It is proposed to slope the ground from the center of the block to the edge of the sidewalk. The work will cost $201 20. There are 1,975 cubic yards of earth to be moved, which Mr. Simmons contracts to remove at 10 cents per yard—the work to be finished by the 20th of October. The block, when finished, will present a fine appearance. It is a pity that the fence cannot be at once put up and all the work immediately put upon the block. The Court House building is a very fine one, and all no doubt are well pleased with its fine appearance. When the grounds around it are properly graded, as proposed, the altitude, proportions and finish of the building will be more plainly seen. The money and time are planted the better, as it is too often the case that such things are put off from time to time, when if at once attended to but few years would have to pass before the trees and shrubbery would have attained sufficient size to embellish the block greatly. The building is built by far the finest in the State, and the citizens of Multnomah county have good right to pride themselves upon the public enterprise and spirit which has made it a perfect accomplishment of so large a work. It should be a matter of county pride that the building now finished should not be allowed to stand in the midst of debris, with dirt and lumber, on unfinished and unfenced grounds. When all is done as proposed strangers visiting the city will look upon it with pleasure, and a comparison with those of other places will not be unfavorable.

CALIFORNIA.—We learn that in one of the county fairs of California there was upon exhibition the first piece of silk manufactured in the United States. Our county fairs have not, and on Tuesday the 15th of next month, our State Fair will meet. Will Oregon show any improvement? The coming fair will be the sixth annual meeting of the State Agricultural Society. There has been much earnest talk about all our fairs. Oregon is a young and rapidly growing State. Each year shows in every line of business a rapid development of our sources of wealth and prosperity. We have good and well fenced grounds belonging to the Society, and we sincerely hope the coming Fair will prove a perfect success and show satisfactory progress—and that all who attend the Fair at Salem will see cause to be proud of our county. Go and determine to put his shoulder to the wheel and show year by year that the "land of red apples" is not easily excelled.

INSURANCE POLICY.—We were shown last evening a policy for eight thousand dollars in gold coin, to be paid by the Mr. B. Sprenger, the owner of the Pacific Hotel, in case of his death in Albany. The company have acted in a very honorable manner. They were entitled to 60 days upon the policy, but when after examination they were satisfied of the justice of Mr. Sprenger's claim, they waived that right in regard to time, and gave a draft at sight. Mr. Sprenger is still a heavy loser, in injured health and the many disastrous consequences that attend every fire. The loss beyond the amount for which the property was insured will probably reach five thousand dollars. This instance well shows the utility of the fire insurance system. Had it not been for Mr. Sprenger's wise forethought in insuring, he would have seen the savings of years swept away in a single night; as it is he has ample means to re-establish himself in business.

DRY.—Our Mr. ... will be interested to learn of an invention for drying fruit. It is a small house four and a half feet high and three wide, containing eight slat bottomed drawers, each capable of containing one bushel of fruit. At the bottom of the house is a large iron cylinder, about two feet in length and ten inches in ..., to receive the fire needed for drying. ... over this fireplace pass up through the ... several bends, and terminating in a ... on top. It occupies about the space of an ordinary bureau.

STATE ITEMS.

A correspondent of the Sacramento *Union*, writing from Salem, proposes the following pertinent inquiry: How is it that Eastern Oregon and Idaho south of Snake river are worse than ever before infested by the hostile Indians? I commend the question to the consideration of the Military Department, and would call attention to the fact that the road leading south from the Dalles is almost besieged by savages, that the Indians along Burnt river are worse than ever before, having recently penetrated to Powder River Valley and helped themselves to the horse stock conveniently at hand. General Wallace was kind enough to send word to the citizens of Auburn and Canyon City that they "must take care of themselves." He was at Dayton and there found sufficient excitement to scare that it doubtless overshadowed in his own mind the wants and dangers of the region to the northward. Government has troops and men enough to protect our mining region, and now that we have peace everywhere upon our borders, let them see that peace reign over there.

Last Friday night the Union men of Eugene City fired a salute in honor of the ratification of the constitutional amendment.

The *State Journal* gives the following account of a "fatal affair" that recently occurred at Salem: It is rumored that our worthy friend, H. C. Howe, brought the earthly career of a fellow-mortal to a close, in Salem a few evenings ago, by *talking him to death*. We have not learned the name of the unfortunate victim yet, but the rumor is peculiarly true. "Hen." has clever fellow in his way, and in his true sphere—with a band of hounds on a big hunt, has few equals, but in politics he is worse than the ringleader of seven year fish, and is a perfect monomaniac on the subject of "slavery." When he gets started on that favorite theme, he always says: "There is nothing in this world too mean for a Copperhead to do, nothing under heaven that is mean but what they are guilty of! Then there is That Stevens and that radical crowd—and here we salute (Nesmith's servants) stand right between these two extremes (slightly down in the mouth with no party to do as reverence) and with the rest or four men in the Legislature as a power to trade on, we'll say to the Copperheads, 'why in the h—l don't you elect your Senator?' and to the Republicans, 'why don't you elect your Senator H—and you see you've got 'em, they can't do anything without us, they are bound to come to us. Old Andy and Seward have got that thing fixed, we stand right there with the Union platform and endorse no radical doctrine, That Stevens, Charles Sumner, nigger suffrage"—and so he continues, without cessation or variation, for a length of time that would astonish Old Brigham, the head of all the "saints."

BRAKE'S PLANTATION BITTERS
Have been of great service in making people healthy, and keeping them so. They should be found in every household.
They give tone to the Stomach, vigor to the body, and remove dark doubts and unhappy feelings from the mind. They relieve pain and fortify the whole system against the attacks of disease.
There is nothing better to take "for the Stomach's sake" than the PLANTATION BITTERS.
They cure Dyspepsia, Heartburn, Indigestion, Drowsiness, Headache, Pain in the Side, Liver Complaint, and Rheumatic Pains, with magical power.
A good effect is felt at once upon making the first trial. No change of diet is necessary. Eat the best you can get and all you want. Follow our directions and you will soon feel
WELL, STRONG AND HEARTY.
A great many side hits are being made at the Plantation Bitters, by a score or two of disinterested friends who have endeavored to imitate or counterfeit them. It's all of no use. The people won't be imposed upon. The Plantation Bitters are increasing in use and popularity every day, and "that's what's the matter." They are the same sized bottle, and made just as they were at first, and will continue to be, or we shall stop making them.
They purify, strengthen and invigorate.
They create a healthy appetite.
They are an antidote to change of water and diet.
They overcome effects of dissipation and late hours.
They strengthen the system and enliven the mind.
They prevent miasmatic and intermittent fevers.
They purify the breath and acidity of the stomach.
They cure Dyspepsia and Constipation.
They cure Diarrhœa, Cholera and Cholera Morbus.
They cure Liver Complaint and Nervous Headache.
They are the best Bitters in the world. They make the weak strong, and are exhausted nature's great restorer. The Recipe and full Circular are around each bottle. Clergymen, Merchants, and persons whose sedentary habits induce weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, liver complaint, constipation, &c., will find *immediate* and permanent relief in these Bitters. But above all, they are recommended to weak and delicate females and mothers.
They are sold by all respectable merchants. See that each bottle has our private United States Stamp over the cork and steel-plate side label.
Beware of refilled bottles. See that the stamp has not been tampered with. Any person pretending to sell Plantation Bitters by the gallon is a swindler and impostor, and should be immediately reported to us.

Mustang Liniment.
OVER A MILLION DOLLARS SAVED!
Gentlemen:—"I had a negro man worth $1,200 who took cold from a bad hurt in the leg, and was unable for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."
J. L. DOWNING.
Montgomery, Ala., June 17, 1859.
"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Bruises, Sores, Rheumatism, &c., and all say it acts like magic. J. W. HEWILL,
Foreman American, Wells, Fargo's and Harnden's Express.
"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.
Gloucester, Mass., Aug. 1, 1855. ED. GERRY."
It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand. Quick and sure it certainly is. All genuine is wrapped in steel plate engravings, bearing U. S. Stamp of DEMAS BARNES & Co. over the top.
An effort has been made to counterfeit it with a cheap stone-plate label. *Look closely!*

Lyon's Kathairon.
It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning gray and falling off.
It restores hair upon prematurely bald heads.
This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.
E. THOMAS LYON, Chemist, N. Y.

Lyon's Extract Ginger.
LYON'S EXTRACT OF PURE JAMAICA GINGER—for Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make a cheap and reliable article for culinary purposes. Sold everywhere at 50 cents per bottle. Ask for "LYON'S" PURE EXTRACT. Take no other.
CAUTION—See that the private U. S. Stamp of Demas, Barnes & Co. is over cork of each bottle. None other is genuine.

Lyon's Flea Powder.
DEATH TO FLEAS.—It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of fleas, ticks, bed-bugs, roaches, &c.; that it is perfect poison to the insect tribe, but entirely harmless to the human species and domestic animals. The genuine has the signature of S. LYON, and the private stamp of DEMAS, BARNES & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other.

The New Orleans Riot

THE OFFICIAL CORRESPONDENCE—MERCILESS CHARACTER OF THE MOB

WASHINGTON August 24

The entire official correspondence in relation to the riot at New Orleans has been furnished by the President for publication It is very voluminous making six columns of the *Nation l Republican* A portion of this correspondence has already been published

The following are Gen Sheridan's dispatches in the order received

The following telegram was received at 6 30 P M August 1 1866, from New Orleans August 1st

To U S Grant—GENERAL You are doubtless aware of the serious riot which occurred in this city on the 30th A pretended body, styling itself the Convention of 1864 met on the 30th for the ostensible purpose of remodeling the present Constitution of the State The leaders were political agitators and revolutionary men and the action of the Convention was liable to produce breaches of the public peace I had made up my mind to arrest the head men if the proceedings of the Convention, were calculated to disturb the tranquility of the Department But I had no cause for action until they committed the overt act In the meantime official duty called me to Texas and the Mayor of the city during my absence suppressed the Convention by the use of the police force and in so doing, attacked the members of the Convention and a party of 200 negroes with fire arms clubs and knives in a manner so unnecessary and atrocious as to compel me to say that it was murderous About forty whites and blacks were killed and about 160 wounded Everything is now quiet but I deem it best to maintain a military supremacy in the city for a few days, until the affair is fully investigated I believe the sentiment of the general community is great regret at the unnecessary cruelty, and that the police could have made any arrest they saw fit without sacrificing lives

P H SHERIDAN
Major General Commanding

The following telegram was received at 6 P M, August 2d from New Orleans August 2d

To U S Grant, Washington, D C—GENERAL The more information I obtain of the affair of the 30th in this city, the more revolting it be comes It was no riot, it was an absolute massacre by the police which was not exceeded in murderous cruelty by that of Fort Pillow It was murder which the Mayor and police of the city perpetrated without the shadow of a necessity Furthermore I believe it was premeditated, and every indication points to this I recommend the removal of this bad man I believe it would be received with the sincerest gratification by two thirds of the population of the city There has been a feeling of insecurity on the part of the people here on account of this man, which is now so much increased that the safety of life and property does not rest with the civil authorities but with the military.

P H SHERIDAN,
Major General Commanding

The following telegram was received at 10 P M August 3d, 1866, from New Orleans, August 3d

To U S Grant, Washington, D C—GENERAL I have the honor to report all quiet in the city but considerable excitement in the public mind There is no interference on the part of the military with the civil government which performs all its duties without hindrance. I have permitted the retention of the Military Governor appointed during my absence as it gives confidence and enables the military to know what is occurring in the city He does not interfere with civil matters Unless good judgment is exercised there will be an exodus of Northern capital and Union men which will be injurious to the city and to the whole country I will remove the Military Governor in a day or two I again strongly advise that the same disposition be made to change the the present Mayor, as I believe it would do more to restore confidence than anything that could be done If the present Governor could be changed also, it would not be amiss

P H SHERIDAN, Maj Gen Comd'g

The following cipher telegram was received at 4.30 P M August 6, 1866, from New Orleans August 6, 12 M

To His Excellency, Andrew Johnson, President U S —I have the honor to make the following reply to your dispatch of August 4th

A very large number of the colored people marched in procession on Friday night, July 27th and were addressed from the steps of the City Hall by Dr Dostie, ex-Gov. Hahn and others The speech of Dostie was intemperate in language and sentiment The speeches of the others so far as I can learn, were characterized by moderation I have not given you the words of Dostie's speech, as the version published was denied But from what I have learned [of the man I believe they were intemperate

The crowd assembled at 12 M on the 30th, the timid members absenting themselves because of the tone of the general public was ominous of trouble I think there were but about 25 members present. In front of the Mechanics' Institute, where the meeting was held, there was assembled some colored men, women and children, perhaps 18 or 20, and in the Institute a number of colored men, probably 150 Among those outside and inside there might have been a pistol in the possession of every tenth man

About 1 o'clock P M, a procession of say from 60 to 120 colored men marched up Burgundy street and across Canal street towards the Convention, carrying an American flag These men had about one pistol to every 10 men, and canes and clubs in addition While crossing Canal street a row occurred There were many spectators on the streets, and their manner and tone toward the procession were unfriendly A shot was fired, by whom I am not able to state, but believe it to have been by a policeman or some colored man in the procession

This led to other shots and a rush after the procession On arrival at the front of the Institute there was some throwing of brickbats by both sides The police, who had been held well in hand, were vigorously marched to the scene of disorder The procession entered into the Institute with the flag, about six or eight remaining outside. A row occurred between a policeman and one of these colored men, and a shot was again fired by one of the parties, which led to an indiscriminate fire on the building, through the windows, by the policeman This had been going on for a short time, when a white flag was displayed from the windows of the Institute, where upon the firing ceased and the police rushed into the building. From the testimony of the wounded men and others, who were inside the building, the policemen opened an indiscriminate fire upon the audience until they had emptied their revolvers, when they retired and those inside barricaded the doors The doors were broken in and the firing again recommenced when many of the colored and white people either escaped through the door or were passed out by the policemen inside, but as they came out the policemen, who formed the circle nearest the building, fired upon them and they were again fired upon by the citizens that formed the outer circle Many of these were wounded and taken prisoners, and others who were prisoners and not wounded were fired upon by their captors and by citizens The wounded were stabbed while lying on the ground, and their heads beaten with brick bats in the yard of the building whither some of the colored men had escaped and partially secreted themselves They were fired upon and killed or wounded by policemen Some men were killed and wounded several squares from the scene, some of them mortally The immediate cause of this terrible affair was the assemblage of this Convention The remote cause was the antagonistic feeling which has been growing in this community since the advent of the present Mayor, who, in the organization of his police force selected many desperate men and some of them murderers People of clear views were overawed by want of confidence in the Mayor, and fear of the Thugs, many of whom had been selected for his police force I have been frequently spoken to by prominent citizens on this subject and have heard them express fear and want of confidence in Mayor Monroe over since the intimation of the last Convention movement

I must condemn the course of several of the city papers for supporting by their articles the bitter feelings of bad men

As to the merciless manner in which this Convention was broken up I feel obliged to confess strong repugnance It is useless to attempt to disguise the hostility that exists on the part of a great many here towards Northern men, and this unfortunate affair has so precipitated matters that there is now a test of what shall be the status of Northern men whether they can live here without being in constant dread or not whether they can be protected in life and property and have justice in the courts If this matter is permitted to pass over without a thorough and determined prosecution of those engaged in it we may look out for frequent scenes of the same kind not only here but in other places No steps have as yet been taken by the civil authorities to arrest citizens who were engaged in this massacre or policemen who perpetrated such cruelties The members of the Convention have been indicted by the grand jury and many of them arrested and held to bail As to whether the civil authorities can mete out ample justice to the guilty parties on both sides I must say it is my opinion unequivocally that they cannot Judge Abell whose course I have closely watched for nearly a year I now consider one of the most dangerous men that we have to the peace and quiet of the city The leading men of the Convention—King Cutler Hahn and others have been political agitators, and are bad men I regret to say that the course of Governor Wells has been one of vacillation and that during the late trouble he has shown very little of the man

Major General Commanding

Bismarck a Insatiable Capacity

It had been said that after the annexation of the Elba duchies Prussia would only appropriate the territories necessary to put an end to the breach which separates her northern and southern possessions into two parts This clause led the world to anticipate at the very utmost the annexation of a part of Electoral Hesse and of Hanover But Count de Bismarck has required that the settlement of all questions concerning the States of the South should be left to his discretion Austria has consented not to interfere in anything—not even in the definite treaty of peace and Count de Bismarck once that his position was regulated on that point lost no time in throwing aside the mask At the present day, Prussia no longer dissembles her intention of annexing in the same manner the whole of Electoral Hesse, the Duchy of Nassau all Hanover the Duchy of Brunswick and the city of Frankfort.

Let us now turn to the States of Southern Germany The preliminaries provide that the Germanic Confederation having ceased to exist Prussia shall form a union with the Northern States which extend to the Main and consequently not including Bavaria Wurtemberg Ducal Hesse and Baden, which States might, on their side, form a Southern Confederation, but to the exclusion of Austria which Power was definitely turned out of doors from Germany There was therefore reason to suppose that Prussia was carrying her moderation so far as to renounce the design of extending her domination over the whole of Germany and to leave out of the pale of her future empire these four States—the most hostile to the idea of Prussian supremacy But all that turns out to be another illusion Count de Bismarck is insatiable and as adroit as he is rapacious. He took care to slip into the Convention in which the preliminaries of peace are not laid down two little phrases pregnant in results He in the first place stipulated that the States of the South even in the case where they should decide on forming a separate Confederation—being perfectly free not to do so—might connect themselves by treaties with the Confederation of the North He next insisted that Austria should not in any way meddle with the negotiations of peace entered into by Prussia with the Southern States—each being, besides thus to be carried on separately Therefore this is what will come to pass—what may even now be considered as certain In negotiating separately with Bavaria Wurtemburg Baden etc Prussia has demanded and obtained from those States that they shall not constitute themselves into a Southern Confederation, feeling very certain to be able to oblige them in this way to attach themselves to that of the North Prussian agents are already canvassing the populations and Governments in that sense And so it will happen, that, contrary to the French project there will no longer be a question of a North German Union and a South one but only of a Confederation of the whole of Germany, with Prussia at the head —*La Fra ce*

EXODUS OF UNION MEN —The dispatches state that great numbers of Union men are leaving Virginia for Indiana and other Northern States where they can be safe Since the removal of General Terry an exodus has commenced from Richmond The rebels there talk openly of a mob like that of New Orleans, and with Schofield to execute 'my policy," the royal men do not feel safe. A Kentucky paper objects to the statement in regard to outrages there and says they were "merely" the acts of a self constituted committee who went about at night rousing out Union men Merely that! And it appears that loyal men in that State have received little notes informing them that it would be unhealthy" for them to live in that region any longer, which notes are signed "Democratic Committee"—a bit of frankness truly commendable We know before that all these infamous outrages against free speech, free opinion and the equal rights of citizens under the Constitution were perpetrated by the party which calls itself conservative in Missouri Democratic in Kentucky and National Union in New York—and with equal impudence and falsity in each instance—but we did not know that any one would admit the fact

Within a short time we have met quite a number of loyal men from Mississippi, who have been compelled to leave that State to save their lives Some of them were warned to leave by 'Vigilance Committees" of 'Southern Associations" Some were privately advised by secessionists and personal friends of the plot against them, some were visited by bands of armed rebels, and threatened or had property taken forcibly from them In one instance the rebels conspired to arrest a number of Union men on some false charge, thus securing their imprisonment, while their wives and property were unprotected Application was made more than once to the nearest military commander for protection In every case he said that he was powerless, that "my policy" would not allow him to "interfere" It is not a large or strange, under such a state of things, that many of the Union men have left that country in haste—often at a great pecuniary sacrifice—or that others are preparing to leave In his dispatches, General Sheridan predicts an exodus of Union men from New Orleans His prediction already begins to be verified There are several men in this city who have fled from the South, at least until matters wear a less threatening aspect. There is too much reason to expect that the number will be largely increased, for from that city as well as from other parts of Louisiana and Texas accounts reach us that show that loyal men are no longer protected in their rights, their property or their lives

Meanwhile, at Baton Rouge it is stated that there is stored by the Government "ordnance of all kinds sufficient to equip an army of 200,000 men, with but a single regiment to protect them" Really 1866 begans to look like 1860 —*St Louis Democrat*

THE NEW YORK IMPEACHMENT —A great meeting was held recently at the Cooper Institute, in New York, called together by the Johnson massacre, at New Orleans Horace Greeley Dr Newman of New Orleans, and other distinguished men, made speeches, and among others the following resolution was passed

"*Resolved*, That we hold the President of the United States guilty before God and this nation of the crime of permitting loyal citizens of the United States to be massacred by the pardoned but unrepentant rebels who have for four years earnestly striven for the destruction of this Union and that he has no excuse or palliation to offer for his conduct, but that on the contrary, he but deserves the condemnation of every friend of law and order in our country"

GENERAL GRANT'S SPEECH —The Virginia *Enterprise* gives the following as the substance of General Grant's late speech received by telegraph

"Gentlemen,' said General Grant, when called out at the theater in Cincinnati, "for the past week I have seen the President of the United States treated with the most withering disrespect by the people This has been particularly shown in the marked attention paid to Admiral Farragut and myself while in the presence of the President I am no politician and have nothing to do with the political views of President Johnson but by virtue of his office he is my Commander in Chief and it is my duty to request that my friends will treat him with a little more respect hereafter He does not deserve it perhaps, but I am compelled to make the request"

EXECUTIVE APPOINTMENTS —The following appointments by the President were announced yesterday P Sidney Post of Indiana to be United States Consul at the Port of Trieste and all other ports in the Austrian dominions on the Adriatic coast except ports belonging to Lombardy and the Venetian Kingdom A W Thayer of Massachusetts to be United States Consul at Vienna, John McGinnis of Illinois to be Commissioner to the Paris Exposition G W Bebee to be Collector of Internal Revenue at Nevada, Alfred Kilgour to be United States District Attorney of Indiana, G W Clark to be Postmaster at Iowa City Iowa

MISS EDGEWORTH —We seldom meet a happier epigram than that of Horace Smith one of the authors of Rejected Addresses on Martin Edge worth

We every day hear this or that one spoken of as Miss Edgeworth can never be than That regretable Miss Edgeworth can never be than They were as well be spoken of as the author of the Bible and bad people to tell of the wickedness of the Bible but we like Edgeworth and the good own their Worth

A MODEL RAILROAD —Curious the facetious correspondent of the Pittsburg *Re ord* writes to that paper from Richmond Va and thus describes the medium of transportation

We came by the way of the Orange, Lemon and Alexandria Railroad and would say to persons who are tired of life and in a hurry to get through try this one You leave Washington in the evening and as a general thing, will arrive in Heaven or Richmond the next day Each train is provided with a surgeon, undertaker, amputating table and other luxuries besides these it has some of the finest coffins I ever expect to see Hospitals are established along the entire route and in case of accident the bodies of strangers are immediately embalmed The arrangements are so perfect, and accidents so sure on this road that many persons have their limbs amputated and get embalmed before starting to avoid delay while on the car

A strange murder was committed in Jerusalem, Lancaster county, Pa, on Monday The victim was Mrs Mary Emerson the wife of a wealthy citizen She was found in the nursery, her child in her arms with a dagger in her heart, around which was twined a cord She had been nursing her child when the fatal blow was struck and the dagger passed through one cheek of the infant pinning it fast to her bosom Mrs Emerson when discovered had probably been dead about an hour The wound of the child was not serious There is not the slightest clue to the murderer The affair is wrapped in profound mystery

Henry R Pollard editor of the Richmond *Examiner* and pink of Virginia chivalry has been under indictment at Richmond for woman whipping He one night broke into a house of ill fame in that city, and, after assaulting the landlady and threatening to shoot her he fell upon one of the female inmates and first beating her, dragged her from the premises The narrative in the Richmond papers of Pollard's various dodges to escape the feels of the policemen who were sent to arrest him is quite amusing He managed to escape to the great grief of his bondsmen in the previous affair with the Jamieses they (the bondsmen) having been called upon by the authorities to pay up their forfeited bail
